Tom Butler-Bowdon

Re-educated Lucy Kellaway,2021-07-01 'A beautifully told story of courage, determination and, above all, magnificent defiance' Alan Johnson 'Bracing and inspirational' Nigella Lawson 'A wonderful writer... life-affirming' Jon Snow 'There are lots of reasons to read this book, which has the fineness of detail, sharpness of humour and grace of a novel by Penelope Lively. But it's this business of changing one's mind - the thing most of us least like to do - that I admired the most' Observer 'I am immersed in a new world that feels a long way from my old one. Though I've not been re-invented, what has happened is just as radical and a lot more interesting: I am being re-educated.' Lucy Kellaway had a comfortable life. For years she had the same prestigious job, the same husband, and the same home. To the casual observer, she was both happy and successful. But one day, Lucy began to realise that the life she had built for herself no longer suited her. Was it too late to start again? The answer was no - so she proceeded to tear down both marriage and career, and went back to school. Retraining as a teacher, Lucy discovers there is a world of new possibilities awaiting her - and learns that you can teach an old dog new tricks (providing they are willing to un-learn a few old ones along the way). A witty and moving story of one woman's pursuit of a new life, Re-educated is a celebration of education's power to transform our lives at any age, and an essential companion for anyone facing the joy - and pain - of starting again.

The Real World of College Wendy Fischman,Howard Gardner,2023-08-01 Why higher education in the United States

has lost its way, and how universities and colleges can focus sharply on their core mission. For *The Real World of College*, Wendy Fischman and Howard Gardner analyzed in-depth interviews with more than 2,000 students, alumni, faculty, administrators, parents, trustees, and others, which were conducted at ten institutions ranging from highly selective liberal arts colleges to less-selective state schools. What they found challenged characterizations in the media: students are not preoccupied by political correctness, free speech, or even the cost of college. They are most concerned about their GPA and their resumes; they see jobs and earning potential as more important than learning. Many say they face mental health challenges, fear that they don't belong, and feel a deep sense of alienation. Given this daily reality for students, has higher education lost its way? Fischman and Gardner contend that US universities and colleges must focus sharply on their core educational mission. Fischman and Gardner, both recognized authorities on education and learning, argue that higher education in the United States has lost sight of its principal reason for existing: not vocational training, not the provision of campus amenities, but to increase what Fischman and Gardner call "higher education capital"—to help students think well and broadly, express themselves clearly, explore new areas, and be open to possible transformations. Fischman and Gardner offer cogent recommendations for how every college can become a community of learners who are open to change as thinkers, citizens, and human beings.

The Teacher Who Couldn't Read John Corcoran, 2017-12-29 *The Teacher Who Couldn't Read* is John Corcoran's life story of how he struggled through school without the basic skills of how to read or write and went on to become a college graduate and a high school teacher, still without these basic skills. National literacy advocate John Corcoran continues to help bring illiteracy out of the shadows with this autobiography, *The Teacher Who Couldn't Read*. It is the amazing true story of a man who triumphed over his illiteracy and who has become one of the nation's leading literacy advocates. His shocking and emotionally moving story—from being a child who was failed by the system, to an angry adolescent, a desperate college student, and finally an emerging adult reader—touched audiences of such national television shows as the Oprah Winfrey Show, 20/20, the Phil Donahue Show, and Larry King Live. His story was also featured in national magazines such as Esquire, Biography, Reader's Digest, and People. *The Teacher Who Couldn't Read* is a gripping tale of triumph over America's national literacy crisis—a story you'll thoroughly enjoy while being enlightened to a national tragedy.

My Monticello Jocelyn Nicole Johnson, 2021-10-05 "A badass debut by any measure—nimble, knowing, and electrifying." —Colson Whitehead, Pulitzer Prize-winning author of *The Nickel Boys* and *Harlem Shuffle* ...'*My Monticello*' is, quite simply, an extraordinary debut from a gifted writer with an unflinching view of history and what may come of it. — The Washington Post Winner of the Weatherford Award in Fiction A winner of 2022 Lillian Smith Book Awards A young woman descended from Thomas Jefferson and Sally Hemings driven from her neighborhood by a white militia. A university professor studying racism by conducting a secret social experiment on his own son. A single mother desperate to buy her first home even as the

world hurtles toward catastrophe. Each fighting to survive in America. Tough-minded, vulnerable, and brave, Jocelyn Nicole Johnson's precisely imagined debut explores burdened inheritances and extraordinary pursuits of belonging. Set in the near future, the eponymous novella, "My Monticello," tells of a diverse group of Charlottesville neighbors fleeing violent white supremacists. Led by Da'Naisha, a young Black descendant of Thomas Jefferson and Sally Hemings, they seek refuge in Jefferson's historic plantation home in a desperate attempt to outlive the long-foretold racial and environmental unravelling within the nation. In "Control Negro," hailed by Roxane Gay as "one hell of a story," a university professor devotes himself to the study of racism and the development of ACMs (average American Caucasian males) by clinically observing his own son from birth in order to "painstakingly mark the route of this Black child too, one whom I could prove was so strikingly decent and true that America could not find fault in him unless we as a nation had projected it there." Johnson's characters all seek out home as a place and an internal state, whether in the form of a Nigerian widower who immigrates to a meager existence in the city of Alexandria, finding himself adrift; a young mixed-race woman who adopts a new tongue and name to escape the landscapes of rural Virginia and her family; or a single mother who seeks salvation through "Buying a House Ahead of the Apocalypse." United by these characters' relentless struggles against reality and fate, My Monticello is a formidable book that bears witness to this country's legacies and announces the arrival of a wildly original new voice in American fiction.

If You're Reading This, It's Too Late Pseudonymous Bosch, 2008-10-01 Beware! Dangerous secrets lie between the pages of this book. OK, I warned you. But if you think I'll give anything away, or tell you that this is the sequel to my first literary endeavor, *The Name of This Book is Secret*, you're wrong. I'm not going to remind you of how we last left our heroes, Cass

and Max-Ernest, as they awaited initiation into the mysterious Terces Society, or the ongoing fight against the evil Dr. L and Ms. Mauvais. I certainly won't be telling you about how the kids stumble upon the Museum of Magic, where they finally meet the amazing Pietro! Oh, blast! I've done it again. Well, at least I didn't tell you about the missing Sound Prism, the nefarious Lord Pharaoh, or the mysterious creature born in a bottle over 500 years ago, the key to the biggest secret of all. I really can't help myself, now can I? Let's face it - if you're reading this, it's too late.
